

INKHOUSE:

we bring new ideas to market. changemakers since 2007.

Inkhouse is an integrated PR agency that intersects media relations, social media, creative services and content marketing.

We work with innovative thinkers, creators and leaders who believe in the power of stories to effect positive change. We believe that authenticity matters, words count, and trust is earned. Credibility is a gating factor to any new product, organization, or idea.

“The buyer’s journey isn’t a straight path. It’s a bounce across the digital world, into the real one and back. And sometimes it’s a single interaction.

Public relations programs must hinge on that principle. We create integrated campaigns with compelling messaging that opens doorways to community, purchase, social change, new ideas, and any other kind of **positive change our clients are seeking to create in their worlds.**”

- BETH MONAGHAN, CEO AND FOUNDER
